MANAGEMENT SYSTEM

HELPING
PEOPLE
COMMUNICATE
TOGETHER FOR
A SUSTAINABLE
FUTURE

THE FUTURE IS NOW

VISCOM is a central part in the emerging paradigm of unique collaborative work environments.

It's all about the conditions you create for employees to connect with each other and with their workplace.

Collaborative environments

Common space where employees can have their meetings and brainstorming sessions, less formal and away from their desks.

Flexible spaces

An area where employees can easily move around furniture and can choose how they want to work.

Technology integration

Integrate technology into the office design to enhance collaboration, communication and productivity.

Breakout areas

Recharge rooms for employees to take a break where people can have a coffee and talk with each other.

Meaningful spaces

Bring a little from home and give a meaning to a place where employees can reflect their personality and eco-friendly values, as a result of a health being practice.

PROTECTED PRODUCTS AGAINST MICROBES

CERTAIN ENVIRONMENTS, SUCH AS CLINICS, LABORATORIES AND HOSPITALS, REQUIRE SPECIFIC PRODUCTS FREE FROM BACTERIA, GERMS AND MICROBES.

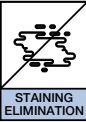

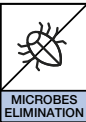

BACTERIA REDUCTION

99%

WHY WE USE IT?

BioCote Technology additive actively cleans all surfaces, as whiteboards and cork boards, inhibiting the bacteria to reproduce. We implemented a performance test to prove the hygiene benefits of our products in a real life situation, using BioCote Technology. Data collected showed that all products had a significant bacteria reduction of 99%.

- 1 Doesn't wear off or wash away
- 2 Achieves a reduction in surface microbes levels
- 3 Provides an important second layer of defence
- 4 Reduces the risk of spreading harmful micro-organisms
- 5 Helps health procedures against infectious agents

ANTIMICROBIAL MAYA ALUMINIUM FRAMED WHITEBOARD

TRIO BOARDS

Trios are great space-saving solutions. This type of boards is ideal for collaboration and meeting rooms allowing the enlargement of the writing area, by the opening of the board extensions.

Pillar Boards

IDEAL FOR SCHOOL USE. ULTIMATE QUALITY CERAMIC STEEL SURFACE

Our Pillar Boards offer the optimal surface area for writing, as they are manufactured so the whole space between floor and ceiling can be utilised for communicating. With a ceramic surface that is extremely durable and scratch resistant, it is also easy to clean and maintain. The boards can be height adjusted vertically and are totally independent of each other.

PLANNING & PRINTED BOARDS

The success of every business or venture is organization and precision. Planning is ideal when coordinating individual and team assignments. Our Planners and Printed Boards are excellent visual tools to keep important tasks on notice, organize work-groups, or just plan ahead.

PLANNERS

Planners can do wonders with keeping weekly, monthly, and annual tasks organized and visible. Integrating the combination of planning boards with T-Cards makes a simple yet effective method of scheduling and tracking the progress of tasks that is easily accessible.

HOW TO CHOOSE YOUR PLANNER?

1

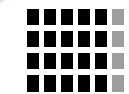

WHAT'S YOUR NEED?

WEEKLY

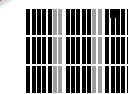

— Ideal to manage weekly schedules and use your time efficiently

MONTHLY

— Plan the month ahead to show holiday, events and meetings

YEARLY

— Plan the year ahead to show projects, events, meetings and holidays

CUSTOM

— Build it according to your specific needs

2

HOW MUCH AVAILABLE WALL SPACE YOU HAVE?

3

PLEASE CONTACT OUR SALES REPRESENTATIVES.

A woman in a business suit and glasses is smiling and standing in a meeting room. She is holding a pen. In the background, there is a whiteboard with some writing on it, and other people are visible, though they are out of focus. The image is split diagonally, with the top-left portion being orange and the bottom-right portion being white.

MOBILE BOARDS, EASELS & PADS

—

Adding portability to efficiency, these products are stable and versatile tools for displaying information in conferences, professional presentations and brainstorming sessions. Mobile Boards and Easels can be easily moved into any space and encourage collaboration for an enhanced work environment.

MOBILE BOARDS

Mobile Boards provide stable tools for visual communication. Versatile solutions combining the best and most useful characteristics of drywipe magnetic boards with the possibility of using a double faced surface to enhance presentations.

GLASS REVOLVING BOARD

Mobile and versatile board

- Very smooth writing surface
- Glass surface with magnetic properties
- Laminated glass for safer use with 8mm thickness
- Robust metal chromed or painted structure
- Board rotates through its horizontal axis

360x360	FLX02201

A black and white photograph of a group of people in a meeting. In the foreground, a man with dark hair and a beard, wearing a light-colored button-down shirt, is looking down at something in his hands. Behind him, another man is partially visible, also looking down. In the background, a woman is sitting at a table, looking at a laptop. The entire image is overlaid with a large, semi-transparent red diagonal shape that runs from the top left to the bottom right.

INTERACTIVITY & PROJECTION

Add vibrant elements to your presentation,
through multimedia and interactive solutions.
Ease collaboration increase focus and improve
how people retain information.

INTERACTIVE DISPLAYS & BOARDS

**LOCKABLE
BOARDS**

These products are ideal for spaces where notices need to be protected from damage or manipulation. Featuring a contemporary design suitable for any workspace, its resistance and durability help provide the best performance whether you are in need of an indoor or an outdoor solution.

HOW TO CHOOSE YOUR LOCKABLE BOARD?

Bi-Office offers solutions to be used both in indoor and outdoor conditions, providing the best performance with a contemporary design. Available in a variety of surfaces, that can be combined with different sizes and opening door types, our lockable boards add versatility to resistance and durability, according to your needs.

1

INDOOR OR OUTDOOR

INDOOR

- Strong acrylic door gives excellent visibility to displayed material
- A variety of open type door
- Wall mounting products

OUTDOOR

- 4mm thick toughened glass for increased safety
- Construction according to IP55 - EN60529 requirements
- Full-length rubber seal and steel back to prevent dust and water damage
- Wall mounting system doesn't allow contact with wall, preventing moisture
- Available also in free standing version

2

SURFACE MATERIAL

MAGNETIC

- Magnetic drywipe, lacquered steel surface to ensure frequent usage needs
- Post information with the use of magnets or write it on the white surface

FELT

- Smooth and versatile surface
- Available in a variety of different colours
- Self-healing which eliminates unattractive pin holes

COMBONET

- Dual purpose board that features both magnetic steel and cork elements
- Works great with magnets and push pins
- Extremely robust for heavy usage

CORK

- Natural renewable surface features self-healing properties
- Strong pin holding capability

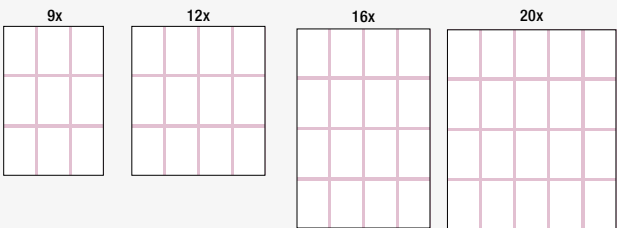

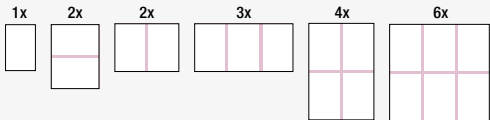

3

TYPE OF DOOR / A4 SHEETS CAPACITY

SWINGING

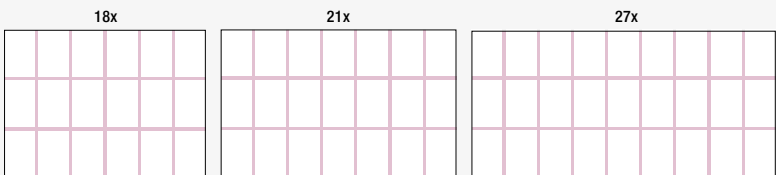

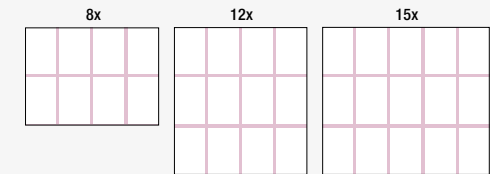

- Ideal for large work places, break rooms and entry areas
- Available in small and medium sizes

SLIDING

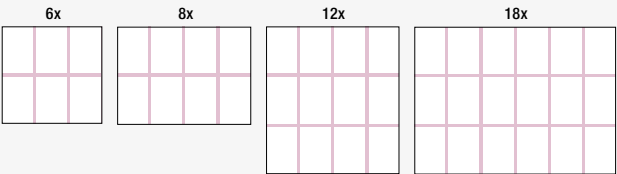

- Ideal for narrow spaces and corridors in public buildings
- Available in medium and large sizes

TOP HINGED

- Vertical opening, ideal for corridors and places with people passing by
- Available in medium and large

Larger sizes available under request

FUNCTIONAL AND DECORATIVE BOARDS

Organising is all about taking the most of everything, cutting the useless expenditure of materials, energy and time. Doing it as efficiently as possible is always the biggest help all of us can provide to the effort of saving and protecting our environment. Whenever having new ideas to help you to organise and communicate, we try to add value to the existing products, devising new functionalities.

HOW TO BUILD A GALLERY WALL

DIY STEPS

CONCEPT

A design concept that is certainly **IN STYLE!** Transform any wall and bring your space to life by grouping art work, organisation boards, photographs or personal illustrations. Building a gallery wall is your opportunity to style your home to reflect your interest. There are more and more gorgeous galleries pop up all over the web. Visit Instagram or Pinterest for inspiration..

IMAGINE IT

Choose your style, colour palette and textures. **Keep it personal.** It's your home or office, so use items that will make your style stand out, but also functional items like calendars and pin boards to have the ultimate flexibility. We love it when we see clients **mix and match** old photographs with drywipe boards and children's drawings.

PLAN IT

Balance and symmetry are the key. Start with your focal point, usually the largest item in the group. Work from the centre out. Galleries can also be small groups of 3 or 4 items. Sometimes **SIMPLE is BEST.** Gather the necessary tools before you begin:

Hammer / Nails / Level / Tape Measurer / Pencil & Eraser / Small Notebook (for writing down measurements) / Phillip's head screwdriver / Extra nails and screws / Blue painter's tape

HANG IT LIKE A PRO

Lay out the gallery on the floor **BEFORE** you break out the hammer..... It's best to cut paper size of each piece and tape each piece on the wall. If you like the effect, you are good to go! If not, move the paper to try different arrangements until it reflects your style goal.

Whether you are a proud mamma hanging your children's artwork, to a designer who needs organisation and place to display fabrics, a **GALLERY** wall is a **perfect solution** for all.
