ABOUT PUKKA PADS

At Pukka Pads we are passionate about our brand and love what we do! **Since 1998** we have created and produced innovative paper-based products for the world's stationery industry. We believe our experience, dedication and commitment over the last **20 years** has led us to be the leading brand in the global stationery market. We offer a huge range of merchandise from great quality pads to innovative, **stylish**, sturdy and **high-quality** products. Pukka Pads has a fantastic in-house design team to help the business create new **on-trend** designs. The team can not only create new Pukka stationery but also help our customers with designing and manufacturing their private label products.

In 2019 Pukka Pad acquired the much-loved US gifting and stationery brand **Carpe Diem**. Pukka Pad fell in love with Carpe Diem's ethos that believes the art of organising should be expressive, **inspiring** and create a sense of excitement about the future. From A5 6-ring, personal and spiral planners to notebook holders and stationery essentials, Carpe Diem products are stylish, functional and perfect for both the planner addict and those just starting out.

We have offices based in the UK and US, as well as a sourcing team in China.

Therefore, with everything we have to offer, we truly believe there is a Pukka Pad for everyone!

REASONS TO CHOOSE PUKKA

PUKKA PADS & ENVIRONMENT

Pukka Pads realise that as a modern and progressive group of companies we have a responsibility to be aware of our impact on the environment and a duty to do everything in our means to lessen that impact. We want you to enjoy your Pukka Pad or Pukka Product with the knowledge that we are doing our part.

To ensure we live up to our long term environmental values, Pukka Pads has made a commitment to:

- Use paper and materials from well managed and accredited sources & suppliers only
- Undertake the manufacturing and shipping of our products in a responsible manner
- Produce recyclable pads and products only, wherever possible
- Recycle our office and warehouse waste and to encourage a healthy working environment
- Always look for ways to improve and secure the future of the paper industry

SOURCES & SUPPLIERS

All of the paper we use for our products originates from sustainable sources. The planting of new trees is important to us; it is a crucial part of eliminating our impact on the environment as well as helping to secure the supply of paper for future generations.

We take pride in ensuring all of our paper pads and notebooks are produced from paper which originates from sustainable sources. In 2010, Pukka Pads production plant was officially double certified to both the Programme for the Endorsement of Forest Certification (PEFC) and Forest Stewardship Council® (FSC®) chain of custody Standards. PEFC and FSC® are an international non-profit, non-governmental organisations dedicated to promoting Sustainable Forest Management (SFM) through independent third-party certification, established to support environmentally appropriate, socially beneficial and economically viable management of the world's forests.

The mark of
responsible forestry

MANUFACTURING & SHIPPING

All of the paper mills we use are ISO9002 and ISO14001 accredited. We also work closely with various recycling companies which allows us to offer recycled paper to all of our customers.

As a global business the transport of our products is kept to an absolute minimum, we manage our shipping in such a way that allows us to distribute products all over the world but which does not see any unnecessary movement of stock.

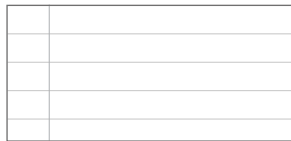

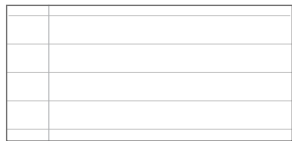

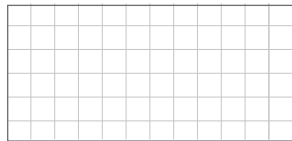

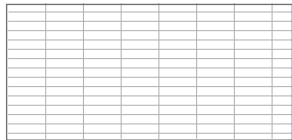

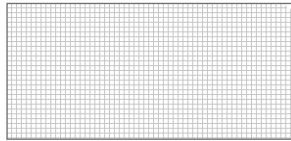

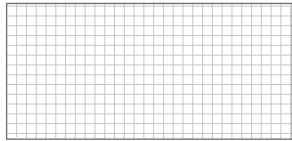

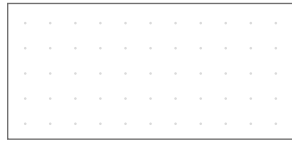

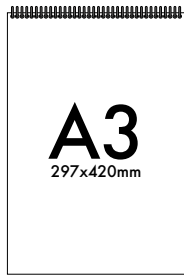

We strive to be fully informed of the latest developments and standards in paper production and promise to implement them into our business wherever possible.

COLOUR RANGE

Pukka Pads coloured notepads have been designed with guidance from the Irlen Institute who specialise in products for those with visual perception difficulties. With the use of formulated coloured paper and tinted ruling with margin, the coloured pads can help those with Irlen syndrome and/or Dyslexia. Located within the inside front cover of the pad is a visual stress self-testing form. This will help anyone with Irlen syndrome to assess which colour pad they are most suited to.

PROTECTIVE BUBBLE WRAP FOR PACKAGING AND MAILING

A great resource for any mailing or delivery room, the small-sized air-cushioned bubbles protect contents from devastating breakage due to falls and accidents. While securely wrapped in Pukka Post Bubble Wrap, items will be safer for postage and travel, giving you peace of mind. The lightweight material won't weigh down packages, either. For professional deliveries, trust Pukka.

All-purpose in use, Pukka Post Bubble Wrap can be used at home when moving house, or for storage solutions. The non-abrasive material won't scratch surfaces or cause unwanted discolouration, so you can safely use the wrap for long-term storage to keep your fragile items in pristine condition.

Made in Britain, each wrap roll measures approximately 300mm x 20mm, for a versatile and universal fit for any packing need.
